PRESS RELEASE

FOR IMMEDIATE RELEASE

TNS SMART NETWORK INC. (“TNS”) and Nautilus Hyosung America, Inc., First to EMV Certify with Interac.

Toronto, ON – Friday May 8, 2009 – TNS Smart Network Inc. a subsidiary of NRT Technology Corp. announced today that it has received the Interac Association EMV terminal certification for the Nautilus Hyosung MoniMax 5000CE. Working hand to hand with Nautilus Hyosung Inc. and Moneris Solutions to be the first “white label” ATM to be certified.

John Dominelli, President & CEO said, “Being the first in Canada to certify EMV transactions is a wonderful achievement. We are extremely proud and wish to thank Nautilus Hyosung and Moneris Solutions for their valued input. It is important that we realize that it is the people that truly make TNS what it is. With the quality of the management and staff at TNS, I know the sky is the limit.”

“This is a major step in offering the Canadian market a product which is fully EMV compliant and shows our commitment to our Canadian customers”, said Carlos Siewcynski, Vice President North American Retail Self-Service Division, for Hyosung America, Inc. The certified MX5000 CE models are a first step in our fully EMV compliant products and we expect to have our 1500 and 1800 series models completed by the end of summer.

“Moneris Solutions is excited to be working with TNS towards enabling the first white label ATMs to accept EMV chip transactions. TNS has shown a great deal of focus and professionalism throughout the complex certification process.” stated Brian Green, Senior Vice-President, Moneris Solutions.

TNS Smart Network Inc. (TNS) is the largest transaction processor for third party "white label" Automated Teller Machines (ATMs) in Canada; and the first "white label" acquirer to certify EMV transactions in Canada.
